Come take a look at this series of THREE fantastic auctions! There is something for everyone, don't miss out! STONWARE! ANTIQUES! HOUSEHOLD GOODS! FURNITURE! PRIMITIVES! We are honored to present to you the collections from the Gene and Jackie Rehder Estates, this session featuring small antique, glass and household. The Rehder's were known for their fine taste and sharp eye when adding to their private collection. Gene and Jackie enjoyed collecting for over 50 years, and didn't miss a flea market, auction, or antique show. The collections are as wide and varied as the Midwest where they lived. These interests range from stoneware to glassware, furniture to farm and represent their lifetime love of history and beauty. There are three sessions in all with one pickup date at two locations for your convenience. We hope you can browse the catalog and enjoy seeing some of the rare finds from this private collection.
